Subject: RE: Leave application issues to be discussed

Delegation : How to get the delegation list -
cases :
1) Director level
2) HOD with no employees

This one is not clear.

For normal user - selection of approver at delegation time
1) allow_leave_request procedure - the new added out put parameter : P_CHECKED_APP_EMP_CODE
gave null value all the scenarios -- how to resolve ?

Now the issue of : P_CHECKED_APP_EMP_CODE has been checked.

Sabbatical :
1) research id : from which table of HRMS to populate

Try to use, GLM_BUDG_ID_VIEW which is in empinfo

2) There are more than one records at the approval table with different sequence
* does there be multiple records or there shold be one record from immidiate approver and
after completion of the formality next approver's record will automatically come into the table and next process
begins. -- If this is the case - what care need to be taken to send message/email in timely manner.

This one is not clear.

Dear ,

Dear Abdullah,
As per our conversation, I am forwarding curent issues relates with Leave application

Annual leave :

Delegation : How to get the delegation list -

cases :

- 1) Director level
- 2) HOD with no employees

For normal user - selection of approver at delegation time

1) allow_leave_request procedure - the new added out put parameter : P_CHECKED_APP_EMP_CODE
gave null value all the scenarios -- how to resolve ?

Sabbatical :

1) research id : from which table of HRMS to populate

2) There are more than one records at the approval table with different sequence

* does there be multiple records or there shold be one record from immidiate approver and
after completion of the formality next approver's record will automatically come into the table and next
process begins. -- If this is the case - what care need to be taken to send message/email in timely manner.

Regards

Bhabesh
